

Tgif に関するメモ

再背面のオブジェクトを再前面にもってくる

選択してグループ化、都合が悪ければ、その後解除しても、もちろん構わない

色数を増やす

たとえばこんな感じ

```
Tgif.MaxColors:          60
Tgif.Color0:            black
Tgif.Color1:            white
Tgif.Color2:            red
Tgif.Color3:            green
Tgif.Color4:            blue
Tgif.Color5:            yellow
Tgif.Color6:            pink
Tgif.Color7:            cyan
Tgif.Color8:            CadetBlue
Tgif.Color9:            magenta
Tgif.Color10:           #006000
Tgif.Color11:           #007000
Tgif.Color12:           #008000
Tgif.Color13:           #009000
Tgif.Color14:           #00A000
Tgif.Color15:           #00B000
Tgif.Color16:           #00C000
Tgif.Color17:           #00D000
Tgif.Color18:           #00E000
Tgif.Color19:           #00F000
Tgif.Color20:           #600000
Tgif.Color21:           #700000
Tgif.Color22:           #800000
Tgif.Color23:           #900000
Tgif.Color24:           #A00000
Tgif.Color25:           #B00000
Tgif.Color26:           #C00000
Tgif.Color27:           #D00000
Tgif.Color28:           #E00000
Tgif.Color29:           #F00000
Tgif.Color30:           #000060
Tgif.Color31:           #000070
Tgif.Color32:           #000080
Tgif.Color33:           #000090
Tgif.Color34:           #0000A0
Tgif.Color35:           #0000B0
Tgif.Color36:           #0000C0
Tgif.Color37:           #0000D0
Tgif.Color38:           #0000E0
Tgif.Color39:           #0000F0
Tgif.Color40:           #800060
Tgif.Color41:           #800070
Tgif.Color42:           #800080
Tgif.Color43:           #800090
Tgif.Color44:           #8000A0
Tgif.Color45:           #8000B0
Tgif.Color46:           #8000C0
Tgif.Color47:           #8000D0
Tgif.Color48:           #8000E0
Tgif.Color49:           #8000F0
Tgif.Color50:           #F06000
Tgif.Color51:           #F07000
Tgif.Color52:           #F08000
Tgif.Color53:           #F09000
Tgif.Color54:           #FA0000
Tgif.Color55:           #F0B000
Tgif.Color56:           #F0C000
Tgif.Color57:           #F0D000
Tgif.Color58:           #F0E000
Tgif.Color59:           #F0F000
Tgif.DefaultColorIndex: 0
```
